G1000 Private Pilot Course*

*** G1000 Checkout**

The G1000 requires a pilot checkout consisting of five hours classroom instruction and flight training to demonstrate proficiency. The flight training is approximately two to five hours with an instructor. G1000 certification can be completed individually with an instructor or in a classroom with other pilots.

Ground Training for single student	\$150.00	
Ground Training classroom	\$100.00	(two to five students required)

Financing available through Pilot Finance, Inc.

*Hours shown here are the FAA minimum requirement to obtain a license; however more time may be needed due to level of student experience and proficiency.

(Prices subject to change without notice.)
